“As the voice of Merit Shop Construction in Central California, ABC is pleased to endorse candidates that support competition in regards to bidding and pricing in public and private projects. Our members hire thousands of people in California, and we know that these candidates will fight to improve our job climate and watch over our tax dollars,” stated Jodi Nagel Chairperson of the Associated Builders and Contractors Central California Chapter.

Associated Builders and Contractors, Inc. (ABC) is a national construction association representing more than 25,000 construction and construction-related firms with 79 chapters across the United States. ABC is the only construction trade association providing value-added services throughout the entire channel of general contractors, specialty contractors, suppliers, design professionals and associates. The Central California Chapter is the local source for the following California counties: Inyo, Fresno, Kern, Kings, San Luis Obispo, Santa Barbara and Tulare.
