Confined Space Tier II Topics

Confined Space Rescue is a 2 day (8:00am-3:30pm) course designed to meet **Tier II** confined space rescue requirements for non-complex confined spaces. At the completion of this course, students should be able to:

- Tie basic rescue knots
- Conduct basic (non-complex) confined space rescues (entry & non-entry)
- Provide basic patient care and packaging
- Assess and test confined space atmospheres
